

THE EVENING BULLETIN.

VOLUME XXI.

MAYSVILLE, KY., SATURDAY, AUGUST 2, 1902.

NUMBER 215.

REPLY OF MITCHELL

To the Open Letter of the Citizens' Alliance of Wilkesbarre.

SOLDIERS ENJOY CAMP ROUTINE.

According to Report Every Thing Is Quiet In Anthracite Regions. No Demonstrations by the Striking Miners.

Wilkesbarre, Pa., Aug. 2.—President John Mitchell of the Miners' union started to work on a reply to the open letter addressed to him by the Citizens' Alliance of Wilkesbarre, an organization composed of business and professional men and others. In an address at the convention of miners of the First district of the United Mine Workers held at Nanticoke some weeks ago, Mr. Mitchell criticized the alliance because he claimed it was not consistent. It wanted to prosecute all miners who violated the law, he claimed, but overlooked the many violations of the law committed every day by the coal combination.

The Alliance replied in an open letter in which they enumerated many outrages said to have been committed by strikers and others in the coal region since the strike began. Mr. Mitchell was called upon to define his position and to issue a proclamation to his followers warning them to keep on the side of law and order. He made no reply to the letter.

Then the Alliance issued another open letter to the labor chief and after consulting with his advisers, Mr. Mitchell decided to answer it. In his reply he takes the ground that he has always been a staunch defender of law and order and that his followers know it.

Mr. Mitchell had nothing to say with reference to the suit in equity brought against him and other national officers of the United Mine Workers by a coal company in West Virginia.

President Mitchell, in the course of his reply to the Citizens' Alliance, says: "Permit me to say that I do not recognize your right to make demands upon me to specifically declare myself opposed to any special classes of lawlessness. As a citizen of the United States and chief executive of the miners' organizations, I have declared on innumerable occasions and in language not susceptible to misconstruction, that I am opposed to lawlessness of every character, and I do not propose to alter my views to conform to the tenets of the Citizens' Alliance, namely wink at capital crimes while inveighing against minor offenses. I have never in my life sought to condone an unlawful act. I have thrown the full weight of my personality and influence on the side of law and order and I can say without egotism that the Miners' union and its officers have done more for the conservation of peace than all the Citizens' Alliances that have been organized or could be formed by men like yourselves whose sympathy with the poor and oppressed is like unto the friendship Brutus entertained for Caesar.

"I did not assume to say that there have not been some transgressions of law by members of the Miners' union, but I do say, and defy you to successfully contradict the statement, that there has been much less lawlessness on the part of the miners—and that which has occurred has been less serious in proportion to their number than on the part of deputies and coal and iron police who are charged with authority and are specifically commissioned to preserve the law, and against whom you have made no protest and your association taken no action whatsoever. And, further, the records in the police courts will demonstrate that a smaller number of miners have been convicted of crime in the anthracite mining towns during the progress of the strike than for a like period preceding it.

Again, I have no hesitancy in saying that there never was a great upheaval, either industrial, political or social in which there was as little real lawlessness as has existed in the anthracite region since the strike was inaugurated."

Governor Stone's Orders.

Harrisburg, Pa., Aug. 2.—Governor Stone's order placing troops on duty at Shenandoah was made public by Adjutant General Stewart. Orders were also issued by Major General Stewart formally placing General Gobin in command of the troops in the field. The governor's advice from the strike region are that everything is quiet and that there are no signs of further trouble. The governor's orders in part follow: "The sheriff of Schuylkill county having advised the governor of his inability to preserve order

and protect life and property, and the governor being satisfied, upon investigation that tumult, riot and mob violence exist, the major general commanding the division national guard of Pennsylvania will place on duty such portions of the division as in his judgment may be necessary to properly assist the sheriff of Schuylkill county in restoring and maintaining peace and order."

GENERAL SMITH

Is Overcome by News of the President's Action.

San Francisco, Aug. 2.—General Smith arrived from Manila on the transport Thomas. General Smith positively declined to say anything for publication, and would not even allow reporters to approach him. Through his aide, Lieutenant M. H. Shields, General Smith said that he would not be interviewed as he did not care to subject himself to further criticism. Major Davol, of the transport service, delivered Smith's order of retirement to him on board the ship. General Smith on landing went to the Occidental hotel and denied himself to all visitors.

Standing on the bridge of the transport Thomas, eagerly waiting with the ship's captain for a glimpse of his native shore, General Jacob H. Smith, tried by courtmartial for having ordered the island of Samar transformed into a howling wilderness, was doomed to first learn that the president had retired him from active duty. The pilot boat which met the Thomas just outside the heads, brought to General Smith the first news of the president's action. In the light of a binnacle lamp, the veteran read the message that apprised him of his fate.

A sealed document from the war department was handed General Smith. It contained the official notification of President Roosevelt's action and upon reading it, General Smith retired, overcome with emotion.

JUDGE JACKSON

Overruled by Higher Court in Miners' Case.

Wheeling, W. Va., Aug. 2.—In United States district court at Clarksburg Judge Nathan Goff granted a writ of habeas corpus in the case of the miners sentenced to jail for contempt of court by Judge Jackson and orders the prisoners brought into his court for trial. This practically overrules Judge Jackson's injunction.

Will Test the King's Grit.

London, Aug. 2.—Optimism regarding the coronation is slowly reviving under the stimulative effects of the surgeons' bulletins. Whether the king's will is imperious or his medical advisers consider it necessary to humor him, there is a determined effort to subject the patient, who is nearly able to make one or two turns on the deck of the yacht to the fatigue and excitement of the coronation ceremonial. Motives of state prevail, although there is general agreement among medical men that an ordinary patient would not be fit for so hazardous an experiment a few weeks after a most serious operation.

Large Fissure Discovered.

Troy, Ills., Aug. 2.—During a severe electrical storm here a cross-shaped fissure was formed in the ground near the school building, one arm of which is 40 feet long, and about six inches wide and the other 20 feet long and six inches wide. Where the lines converge there is a hole two feet in diameter and a line 150 feet long, weighed with lead, did not touch bottom.

Pearl Necklace Seized.

New York, Aug. 2.—After consultation with the treasury department the revenue collector has seized a pearl necklace valued at \$12,800 which was found in the baggage of a prominent Philadelphia woman who returned recently from Europe and who failed to declare the jewels. Duty of 60 per cent will be asked on the pearls.

Confessed His Crime.

Hattiesburg, Miss., Aug. 2.—Will Dentzler, a young negro, was hanged privately in the court house yard here for an assault on Mrs. Ed Gardner, a white woman June 5. Dentzler confessed his crime.

Arctic Explorer.

Horningsvaag, Norway, Aug. 2.—Evelyn B. Baldwin, the Arctic explorer, arrived here. He reported all his men in good health and said: "We have been baffled, but not beaten."

Took Laudanum by Mistake.

Hamilton, O., Aug. 2.—Miss Daisy Zimmerman, 20 years old, was given laudanum by mistake for medicine by her sister Grace. Dr. Shaffer finally saved her life.

A Sick Wife.

New York, Aug. 2.—Carlos Zeado, secretary of state of Cuba, has arrived here and proceeded immediately to Liberty, N. Y., where his wife is seriously ill.

TO WRITE FOR PAPERS

Colonel Arthur Lynch Explains His Mission In South Africa.

REPRESENTED AMERICAN PAPERS.

The Member of the English Parliament, Accused of High Treason, Denies That He Saw the Boer Agent.

London, Aug. 2.—Colonel Arthur Lynch, the National member of parliament, who is accused of high treason during the Boer war, was taken to Bow street police court. Before the court committed him for trial, Colonel Lynch made a long statement, in which he said that he had gone to South Africa under contract with the Paris Journal and that he had not expected to stay more than two months. He also arranged to serve the Century magazine, Collier's Weekly and several other American publications. He denied that he saw Mr. Leyds, the Boer agent, before starting, and he declared that he had no mission from Leyds to the Transvaal. At the close of his statement, Lynch was committed for trial. Before going to court, Colonel Lynch was visited in his prison by W. H. K. Redmond and other Nationalist leaders.

DIPLOMATIC CHANGES

Incident to Resumption of Relations Between Switzerland and Italy.

Berne, Switzerland, Aug. 2.—Dr. G. Carlin, late Swiss minister to Italy, has been appointed minister to Great Britain, replacing Dr. C. R. Bourcart, who is ordered to Washington to relieve J. B. Picada, Swiss minister to the United States, who goes to Italy. These changes are due to the resumption of diplomatic relations between Italy and Switzerland following a settlement of the differences that grew out of a demand made by Commodore Silvestrelli, Italian minister to Switzerland for the punishment of the owners of an anarchist newspaper which it was alleged published an article insulting to the memory of King Humbert. The Swiss government objected to the language used by Silvestrelli, making the request and asking that he be replaced by another minister. The severance of diplomatic relations followed. Dr. Bourcart declined the American post.

Strike at Chicago.

Chicago, Aug. 2.—Boiler and shipbuilders and their helpers to the number of 1,500 men employed in the contract and job shops in this city struck because the Master Makers' association refused to concede demands made upon them. The principal demand is an increase in the wage scale of the boiler makers from 30 cents an hour to 35 cents for inside work and 50 cents for outside work. Helpers and heaters want an increase from 20 to 2 cents for inside work, and from 25 to 30 cents for outside work. Other demands are recognition of the union; nine-hour day inside and eight-hour day outside; double time for holiday work and time and one-half for overtime. The boiler makers and helpers declare they are determined to secure the advance and are prepared to continue the strike indefinitely if necessary. The Master Boiler Makers' association has offered to concede an advance of seven per cent, but its officers say it is impossible to grant all the demands of the union. It is feared the strike will tie all work in the branches affected.

Soldiers Enjoy Camp Life.

Shenandoah, Pa., Aug. 2.—A more quiet town than Shenandoah is at present would be difficult to imagine. Peace reigns everywhere in the region. The only thing now attracting attention in this vicinity is the camp of the troops just outside of the city. The soldiers have settled down for a period of enjoyable camp life. Company and regimental drill will be indulged in every day and target practice will also be had. Brigadier General Gobin, who is making his headquarters at the Ferguson House in the heart of the town has not yet decided on going into camp with his staff. If he can find a favorable location near his command he will immediately go under canvas.

Option to Take Cash Expired.

New York, Aug. 2.—J. P. Morgan & Co., as depositaries, announce that holders of 73 per cent of the preferred stock of the Chicago, Indianapolis and Louisville Railway company (Monon) have deposited their shares under the proposed plan of exchange for joint bonds of the Louisville and Nashville and Southern roads. They also state that the time for depositing these stocks has been extended to Aug. 31, but that under

the terms depositors are not to receive any portion of their purchase in cash, only in bonds. The option to take cash in lieu of 60 per cent of the par value of the bonds has expired and no extension is given.

RAW SUGAR.

Large Fleet of Steamers Expected on Atlantic Coast.

Philadelphia, Aug. 2.—Forty-four steamships, one of the largest fleets in the history of the sugar trade are now either on their way to the Delaware breakwater or are taking on cargoes in Java and within the next few weeks will land on the piers of the Atlantic coast refineries not less than 250,000 tons of the raw product. All the ships are large modern carriers, whose cargoes are loaded at Samarang, Souera, Bal Baya and other ports in Java, will average at least 5,500 tons each. The entire fleet will come to the breakwater, where they will receive their orders for final ports of discharge. The cargoes will be distributed to the best advantage of the refineries in Philadelphia, New York and Boston.

The refiners are making preparations to warehouse a portion of these big shipments, it being impossible to store it all at the refineries. Several of the idle plants, it is said, will be used for this purpose and additional bonded warehouses will be created. The new American steamship Alaskan from Hilo, Hawaiian Islands to the Spreckels sugar refinery has arrived here. Her cargo, which consists of 11,500 tons of raw sugar, is the largest cargo of the kind ever brought to the United States.

Outside Guards Dropped.

Philadelphia, Aug. 2.—No men have been sent to the anthracite coal region from this city to act as mine guards for more than two weeks past. The reason assigned is that the big operators by whom they were employed have found the expense too heavy and that moreover they came to the conclusion that the large force which had been engaged in this city, New York, Baltimore and the south was not required. It was therefore determined to drop at least 30 per cent of the total number engaged estimated to be about 5,000 and after that reduction occurred to fill the places with men who could be secured for the work at lower wages.

New Foundries.

Cleveland, Aug. 2.—The Foundry for August publishes the results of an inquiry into new construction in the foundry trade in the first six months of 1902. It finds that 462 new foundries are under construction or have been projected during this period, or an increase of nearly six per cent. Illinois leads with 47 new shops, an increase of 11 per cent. Ohio is second with 3, or 10 per cent increase, and Pennsylvania is third with 7 or nine per cent. The surprise of the year is the large number of new steel foundries, 20 new concerns having been organized since Jan. 1, or an increase of 27 per cent.

Row Over Water.

Denver, Aug. 2.—Superintendent of Irrigation Armstrong has just received a report from Commissioner Banning of water district No. 2, that 30 farmers, fully armed, marched to the headgates of Fulton ditch, near Henderson, and reeking down the headgate allowed an immense amount of water to flow into the ditch, thus saving their crops. When the gate keeper tried to interfere with them they threatened him with death. Commissioner Banning reports that he is unable to learn the names of a single person engaged in the attack.

Floods Subsiding.

Dallas, Tex., Aug. 2.—No heavy rains fell in Texas during the past 12 hours and as a result the situation is vastly improved. The traffic of all kinds is now being handled by Texas roads with perfect safety. Many people spent the night in treectops around Quinlan Tuesday night and were rescued with difficulty the following morning with boats brought from Greenville and Paris for that purpose. The water is still over the Texas Midland tracks at Quinlan, but no lives were lost there.

Penrose's Trial.

Washington, Aug. 2.—An order was issued by the navy department for the trial by courtmartial of Assistant Paymaster Charles W. Penrose, attached to the Michigan. The officer is charged with rendering false and fraudulent returns of balances to his credit, embezzlement, scandalous conduct, absence from station and duty and negligence in obeying orders. The shortage in balance is said to amount to about \$306. The court will meet Aug. 7 at Erie, Pa.

Bryan Leaves New Haven.

New Haven, Conn., Aug. 2.—William J. Bryan left New Haven for New York by train.

ANTICS OF OLD EARTH

Some Hills In a California Valley Are Sadly Demoralized.

RESIDENTS OF LOS ALAMOS FLEE.

Further Details of Destructive Earthquake Shocks Which Have Kept Golden State Deplacens Guessing.

Santa Barbara, Cala., Aug. 2.—Many of the inhabitants of the town of Los Alamos, which has been the center of seismic disturbances since last Sunday, have left for places outside of the tremor belt. Those who have remained could not well abandon their business. The town of Los Alamos is situated about midway between Santa Ynez and Santa Maria in the long narrow valley of Los Alamos, 15 miles from the coast. The Los Alamos valley is from one-half mile to one mile wide. The population of the valley is about 500.

Although no more severe earthquake shocks have been experienced here since 7:30 p. m., the people are still panic stricken. Many of those who have not already fled from their homes are prepared to leave in case the disturbances continue.

Dr. H. C. Bagby of Santa Maria, who was a guest at the home of D. P. Whitney, undoubtedly saved the business section of the town from a serious fire. When the earthquake occurred a lighted lamp was upset and set fire to the place. Without a thought for his own safety, Dr. Bagby rushed upstairs and found Mrs. Whitney vainly fighting the flames and seemingly surrounded by them. Driving them from the place of danger he covered them with blankets and thus saved a life and a large portion of the business section.

Parties from Lompoc and outlying districts have reached Los Alamos with stories of havoc in the hills. A great landslide, carrying down hundreds of tons of earth, occurred near the Hoyer ranch. The road from Lompoc was buried for 50 feet. As far as the eye can reach there are spots on the mountain side indicating where huge boulders were sent thundering down the valleys.

John R. Drum, a mountain farmer, reports a road-destroying landslide in Drum canyon.

The oil wells around the town of Los Alamos seem not to have suffered. Since the beginning of the earthquake shocks the temperature has been oppressive, as much heat apparently coming from the earth as from the sun.

Theory as to Cause.

San Francisco, Aug. 2.—John H. Conway, who has made a life study of the geology of the country, believes that the disturbances are in no way due to volcanic activity, but occasioned by local conditions. His theory is that the earthquakes are occasioned by subsidences caused by the action of the subterranean gases and oils in which the region is known to abound. It has been known for years that gas was being generated beneath the earth's surface in the vicinity of Los Alamos.

Big Dam Across the Nile.

London, Aug. 2.—Announcement is made that the last capping stone of the Nile dam at Assouan was laid on Wednesday. The Nile reservoir, for which the great dam at Assouan and Assout have been constructed, will enable wide tracts of land to bear two crops a year instead of one, will bring waste districts into tillage and will greatly increase the area of sugar cultivation. The reservoir will supply one billion cubic meters of water annually. The dam at Assouan is one and one-quarter miles long.

A Full Day's Outing.

Oyster Bay, N. Y., Aug. 2.—The first time on any day since his vacation began the president transacted no public business at Sagamore Hill. No visitors were received during the day. Mr. and Mrs. Roosevelt left the house early for an all-day outing. Miss Alice Roosevelt left for Newport, where she will be the guest of Miss Helen Cutting, daughter of Mr. and Mrs. Robert Fulton Cutting of New York.

Hard Coal Goes Up.

Chicago, Aug. 2.—Hard coal prices went up 10 cents a ton in Chicago, this being the fifth similar advance since April. Should the strike end, it would be fully 30 days before the market here could be supplied with anthracite coal. No hard coal is being received and the stock on hand is not large. Prices now range from \$6.90 to \$7.15.

The severe earthquakes in the valley of Los Alamos, Cala., have changed the topography of that section.

EVENING BULLETIN. DAILY, EXCEPT SUNDAY. **ROSSER & MCCARTHY,** Proprietors. SATURDAY, AUGUST 2, 1902. DEMOCRATIC TICKET. For Congress, JAMES N. KEHOE, of Mason. For Judge of the Court of Appeals, THOMAS H. PAYNTER, of Greenup. **THE WEATHER RECORD.** (For the 24 hours ending at 6:30 a. m.) State of weather.....Partly cloudy Highest temperature.....94 Lowest temperature.....65 Mean temperature.....80 Wind direction.....Southerly Precipitation (inches) fall......0 Total for August......00 Total for August, to date......00 Aug. 2, 10 a. m.—Fair tonight. Local rains Sunday afternoon or night. COMMISSIONER of Internal Revenue Yerkes makes the prediction that the Republicans of Kentucky will carry four Congressional districts this fall. It's easy to make predictions. Out of \$271,867,990.25 collected in internal revenue throughout the United States during the fiscal year ending June 30th, 1902, the States of Ohio, Kentucky, Indiana and West Virginia contributed \$70,622,500.98, or between 25 and 26 per cent. The share of each State was as follows: Ohio, \$22,073,559.51; Kentucky, \$21,969,013.30; Indiana, \$23,178,552.61; West Virginia, \$1,401,375.66. The Seventh district of Kentucky contributed \$2,923,083.88. Hon. ROBERT T. HOUGH, a prominent lawyer and Democrat of Hillsboro, O., lately returned from Washington, is rather severe in his criticisms of President Roosevelt. He said in a recent interview: Roosevelt has what we call out in the country a bad case of swell head, and his capers and lack of dignity are at times disgusting. The business Republicans of the East especially are afraid of his eccentric antics. They don't know where to place him. An accident, he acts like he is the whole thing. The BULLETIN published an article a few days ago showing the price charged in this country for certain goods and the price at which the manufacturers were selling the same goods in foreign countries. Commenting on these figures an exchange says: One price here and another and lower price in Europe would be impossible without the aid of favoring tariff legislation. Since the foreign low price is not a temporary condition, but is maintained year in and year out, the reasonable presumption is that it is profitable. Steel rails, costing \$28 per ton in this market, are laid down in Liverpool, freight and charge paid, at \$22 a ton. As the freight charge exceeds \$5 per ton, the wide divergence between the price here and abroad is apparent. Yet Mr. Carnegie is authority for the statement that steel rails can be made here at a cost of \$12 per ton, so that the chances of loss on foreign exports at \$22 are less than nothing. The American customer pays 30 per cent. more for an article that is in reality a fixed charge on industry and commerce the world over. **PITHY POINTS.** Were the lincating cause, whisky, removed, there wouldn't be one murder in the mountain counties of Kentucky, where now there are ten. As the case stands that's a three-handed brawl in Breathitt County. Let one of the factors—whisky—be eliminated therefrom, and not a hand will be raised by either of the others. After a paper of the kind cut recently in Lewis County, and the bloodhounds track the supposed culprit to his den, whose "say so" is to be taken, it would be pleasant to be informed that of the hounds or the "gemmen" in the case? Noble as was the theme discussed, Mrs. Prindiville rose to its conception, and artist as were the scenes flung on the canvas, no less so was the management displayed. The narrative flowed serenely, swiftly forward and with it, without a flaw, the pictured panorama kept the pace. Mrs. Prindiville is a beautiful woman with a graceful and magnetic presence. Her face is expressive, but beautifully serene, giving glimpses of a finely tempered nature. She is remarkably self-controlled, without a tinge of affectation or a touch of stiltedness.—Chicago Times-Herald, Dec. 7th. Don't fail to hear Mrs. Prindiville's illustrated lecture "Beautiful Homes of Europe" at opera house Monday evening, Aug. 11th. Birth-marks which mark and mark the outside of the body are a grief to every mother whose children may bear them. But for every child who bears a birth-mark on the skin there are many who bear an indelible birth-mark on the mind. Nervous mothers have nervous children and many a man and woman owes an irritable and despondent temperament to those days of dread when the mother waited the hour of her maternity. The use of Dr. Pierce's Favorite Prescription strengthens the mother for her trial. With strength comes a buoyancy of spirits and quietness of mind, which is one of the happiest gifts a mother can bestow on her offspring. By giving vigor and elasticity to the delicate womanly organs "Favorite Prescription" practically does away with the pain of maternity and makes the baby's advent as natural and as simple as the blossoming of a flower. There is no opium, cocaine or other narcotic contained in "Favorite Prescription." Every business is capable of expanding and the only way to insure expansion is to advertise.—Printers' Ink. —Mr. Joseph Power, of Cincinnati, is visiting his sister, Mrs. Edwin Matthews.

Buying an Umbrella Means you must put a whole lot of confidence in your merchant. Some umbrellas have fine looking handles, others fine looking cases—but do you buy an umbrella to wear well or look well? Isn't it doubly satisfactory where look-well and wear-well are equally combined? Now that's the sort of umbrella we talk about to-day. In the first place **The Price is Only \$1.** But in spite of that modest sum the umbrellas are covered with excellent silk serge, have silk tassels, paragon frames and steel ferules. Then the handles! Variety incarnate! German silver, gun metal, pearl, buffalo horn, ebony, natural wood, decorated wood, celluloid and rolled gold. It's the biggest dollar umbrella's worth you ever got. See window display. Last week we advertised Parasols ranging in price from \$1 to \$2½ for 50c. All are sold except a few of the dollar ones. Now your choice of \$1 Parasols 25c. **D. HUNT & SON**

"CHANCE" HORSES. An Animal That Sold Here a Few Years Ago For \$35 Afterwards Brought \$5,000. [Portsmouth Times.] Speaking of "chance" horses, Miss Leach, a Winchester, Ky., mare, is another striking example. Last year she was offered to Fred Tynes for \$750 and a short time later for \$500, her owner being sadly in need of money at the time. The other day at Columbus she won the 2:18 pace in two straight heats and a purse of \$1,200. Secretary Adolph Hurbt, of the Trotting club, had a similar experience. The day he bought Pilot at Maysville, Ky., Dr. Lake called his attention to a horse he had seen and which was very lame at the time. The veterinary surgeon pronounced the animal a good one and advised Adolph to buy him. He could have bought him for \$50, in fact a few days later the animal was disposed of to another man for \$35. This man could not get rid of the horse's lameness and traded him off for a cow. The animal drifted from one hand into another until he fell into the hands of a noted trainer, who later sold him at Madison Square Garden, N. Y., for the enormous sum of \$5,000. **WHAT THE FARMER DOES.** And What He Does Not, in This Great and Glorious Country. [Exchange.] The farmer is it in this country. He builds the cities, the railroads and the factories and the telephones, and supports them all. He makes the land blossom as the rose. In the past four years the plow has made all the prosperity that has come to all classes of people. During the year of 1901 the farmer exported \$952,000,000 worth of products. In other words, after feeding the nation, he put in circulation by his toil a volume of money, gathered from what he sold across the water, equal to half the entire money issue of the nation. And yet, and yet, the Schwabs, the Rockefellers, the Morgans, and the like, that "toil not, neither do they spin," are doing all the coupon clipping, while, lo! the poor farmer is seen at the gates of the city with one suspender. **River News.** The Gould may be placed in the Maysville-Cincinnati trade. The Queen City for Pittsburg, Gould and Tacoma for Portsmouth and Bonanza for Pomeroy to-night. Stanley down Sunday. The little independent packet City of Wheeling locked horns with the big City of Cincinnati Thursday evening. The latter boat had been running on only a half head of steam and when she pulled things wide open the Wheeling found herself in a dangerous position. The waves rolled over her deck, washing freight off, and the boat was almost run under the water. The Wheeling had to be pumped out on reaching North Bend. It was a foolish act of her crew and they'll likely not "hook on" to the big ones any more. **Low Rate to Mammoth Cave.** On account of the encampment of the State Guards, the L. and N. will sell tickets from Maysville to Mammoth Cave at \$5 for round trip. Tickets on sale until Aug. 17th. Return limit Aug. 19th. No better opportunity ever offered to visit this wonderful cave. On August 11 and 14 the C. and O. will sell round trip tickets, Maysville to Put In Bay, Ohio, at rate of one fare, \$10.40. Return limit August 18th.

POYNTEZ BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.
 The uniform adopted by the lodge for the coming Elks parade on the opening day of the fair consists of white duck pants, white shirt, purple belt and purple tie, with a light-colored crush Alpine hat with purple band. Members are requested to leave their orders with Hechinger & Co., as they will have to obtain these outfits from the manufacturers.
 Since the sudden death of John Walker Jones, of Ripley, his fine spaniel has roamed about the haunts of the master, seemingly heartbroken in its loneliness. C. L. Head and wife have taken charge of the distressed animal, but no effort to make it eat is successful, no delicacy being tempting enough to take the dog from its continued sorrow, says a dispatch.
 Colonel T. A. Garrigan, Southeastern Passenger Agent of the C. and O., and Hon. Bernard Pratt, of Huntington, were out riding in an auto in that city Friday when the machine collided with a team of mules. The animals made a vigorous kick against such treatment and before they could be stopped badly damaged the automobile and painfully bruised both Pratt and Garrigan.
 Says the Georgetown (O.) News-Democrat: "It was our pleasure to enjoy a happy event on last Tuesday night at the pleasant home of Miss Carrie Grimes, of Higginsport, in honor of J. W. Wells and sister, Miss Alice, of Maysville. Mr. Wells entertained with his phonograph, which is second to none. The music was very much enjoyed by all. The excellent refreshments, also the beautifully decorated table, was highly praised and spoke much for our kind hostess."

A Big Yield.
 [Georgetown News-Democrat.]
 Last April a small son of C. D. Lyon planted a single potato, cut into six pieces, at the edge of the garden. Last Saturday he dug the hills and had eighteen pounds of marketable potatoes, besides a few small ones. If an acre of potatoes, planted 14x32 inches, yielded as well it would make nearly 800 bushels, worth at present prices \$320, or more than the product of four acres of tobacco would sell for.
Forty-Eighth
 Annual Exhibition of the.....
"Old Reliable Fair,"
 —AT—
GERMANTOWN, KY.,
 August 27, 28, 29 and 30, 1902.
 A twentieth century exposition eclipsing all former events.
 Over \$300 added in second premiums.
 Liberal premiums in all departments.
 Special attractions every day.
 Ample amusement for old and young.
 The fine show of stock, the novel midway attractions, the unsurpassed social features, the large shady grounds combine to make it the most enjoyable of fairs. Prepare to make this your summer outing.
 J. E. BOULDIN, President.
 JOHN R. WALTON, Secretary.
Notice to Creditors.
 MASON COUNTY COURT.
 In the matter of the estate of Jno. W. Alexander, Alexander & Bro. and J. M. Alexander & Co.
 Notice is hereby given to the creditors of each of said estates that the undersigned as assignee will from this date until the 10th day of August, 1902, between the hours of 9 a. m. and 4 p. m. each day at his office at First National Bank, Maysville, Ky., sit to receive claims against the said estates.

THE BEE HIVE

More Goods For the Same Money!

THE SAME GOODS FOR LESS MONEY!

That's what we do. The little window on the right side of the Bee Hive has a very tempting special in it. Probably you have seen it, and probably you have not. If you have you are, no doubt, wondering how we can afford to sell NEW STOCK TIES in Oxfords and Piques for 19c., when others are asking 25c. for them, and that's what they are worth. There's a story connected with these Ties, a sad story for the manufacturer. He over "stocked" himself—did you?

MERZ BROS

PROPRIETORS BEE HIVE.

KINGS OF LOW PRICES.

AT FOX SPRINGS.

A Number of Mason Countians Enjoying a Sojourn at This Once Popular Resort.

A number of pleasure-seekers left the first of the week on their way to the old resort familiar to Kentuckians as Fox Springs, and so very popular in the days of "auld lang syne." Judging from the amount of luggage, and the quantities of delicious edibles, they will camp out some time. The menu is not excelled by that of the famous Walker Bros. of Glen Springs, and the mineral waters, both sulphur and chalybeate, are as fine as can be found anywhere.

The party consists of Mr. and Mrs. A. K. Marshall, Mr. and Mrs. Charles Marshall and son, A. K. Marshall, Jr., Mrs. Zubie McIlvain, Miss Lena McIlvain and Master James M. Riley, of Lewisburg; Mrs. Mary Andrews and daughter, Mrs. W. J. Gillespie, of California; Miss Ida Wall, Mr. and Mrs. Wm. Hendrix, of Flemingsburg; Miss Ella B. Metcalfe, of Mayeville; Mr. and Mrs. Albert Willson, Miss Maria Willson, Mr. John Willson, of Johnson Junction, and Mr. and Mrs. W. J. Rees, of Shannon.

Parks' Hill.

On account of Parks' Hill camp meeting the L. and N. will run special train, to-morrow, leaving Mayeville at 8 a. m. and 6:15 p. m. Round trip 75 cents. Return limit, date of sale. For regular trains during the meeting tickets will be sold at 80 cents round trip from Mayeville.

For \$1, love and affection, Mrs. Mary C. Palmer has sold a house and lot in Sardis to Mrs. E. L. Belfry.

A nice shower fell south of the city last evening.

Mrs. John R. Downing wasn't so well Thursday evening.

Born, to Mr. and Mrs. Alexander Marshall Casey, of Washington, a daughter.

Friday's Times-Star contained a cut of Maysville's popular Mayor, Hon. W. E. Stallcup.

On account of light freight traffic the C. and O. has temporarily closed the offices at Ross, Broshears, Carrs and Grays Branch.

The Germantown fair August 27th-30th promises to be bigger and better than ever. The grounds and buildings have been thoroughly overhauled for the occasion.

The marriage of Miss Frances Williams to J. Frank Dye is announced to take place August 14th, at the home of the bride's parents, J. C. Williams and wife, near Johnson Junction.

Relatives are in receipt of cards announcing the wedding of Mr. J. Joseph Easton and Miss N. Elizabeth Spiker June 18th at Puerto Principe, Cuba. Mr. Easton is a son of Mr. Geo. Easton.

CHRISTIAN CHURCH—The minister, R. E. Moss, will preach to-morrow morning at 10:45 o'clock. Sunday school and Endeavor meeting at usual hours. At night the congregation will unite in the union services at the First Baptist Church.

Mrs. Phillips, of Flemingsburg, was taken with a violent hemorrhage of the lungs Wednesday night and for a time her life was despaired of, but she was reported better last evening. She is the mother of Mrs. J. J. Dickey, of Washington.

THE ST. CHARLES.

Messrs. Ralph Dimmitt and Claude Watkins Succeed Messrs. Miller and Clem.

The St. Charles Hotel and bar are now under the management of Messrs. Ralph Dimmitt and Claude Watkins, the transfer having taken place this morning. They succeed Messrs. Lee Miller and J. I. Clem, who came here a few months ago from West Virginia.

Messrs. Dimmitt and Watkins are popular young men, and their friends wish them success.

Messrs. Miller and Clem will be in Maysville a few days longer, after which they will probably return to their former home.

The Maysvilles are booked for a game at Georgetown, O., next Thursday.

Miss Bernice Dickson, daughter of Mr. and Mrs. George H. Dickson, died July 26 at 8 p. m. at the home of her parents at Bridgeport, near Rectorville, of consumption. She was eighteen years old, and had been a patient sufferer over a year. The funeral services were conducted Sunday afternoon by Rev. M. S. Clark, of Mt. Carmel, the interment following in Olivet Cemetery. Miss Dickson had been the BULLETIN's faithful Rectorville correspondent for several years. She was a most estimable young lady, and the many friends of the family tender sincere sympathy.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whiskey, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Auditor Coulter is taking steps to collect taxes from the holders of mineral, oil and coal rights in Eastern Kentucky. Many of the persons and corporations owning such rights have been escaping taxation.

Nabisco sugar wafers—Calhoun's.

KEEP COOL

AND LOOK PLEASANT!

Get a fan and drink iced tea. Your doctor will think well of our prescription. Purchase your Tea from us. Our Teas are fresh and pure. Our prices are so very reasonable that every one, both rich and poor, can afford to drink the best.

Look at the Reduced Prices For This Week:

THE LANGDON-CREASY CO.

PHONE 221.

Evangelist Carter is conducting a series of meetings at Helena M. E. Church, South.

Miss Julia Perrine, while driving Thursday near Tuckahoe, had the misfortune to painfully injure her left arm near the wrist.

"Gemmen" are now engaged in stealing wheat, two farmers near the city having had fourteen sacks carried off within a few days, or rather nights.

Rev. Donald McDonald, D. D., Superintendent of Kentucky Missions, will preach at First Presbyterian Church to-morrow morning, and at the union meeting in the evening at the Baptist Church.

Mr. R. W. Brown, managing editor of the Louisville Times, was Thursday appointed District Deputy of the Elks in Kentucky by Grand Exalted Ruler Pickett. He succeeds the late Dr. A. Wilkes Smith, of Richmond.

John Bradshaw, living near Harrodsburg, owns two acres of fine watermelons, and in order to protect the crop from raiders, he has built a tent in the center of the patch and will reside there with his wife until the watermelon season is over.

First Baptist Church—The pastor Rev. Dr. Boyet will preach to-morrow morning at the usual hour. Subject, "The New Birth." At night the union service will be held, when Rev. Dr. McDonald, of Danville, will preach. The public cordially invited.

Reports for Kentucky national banks, received by the Comptroller of the Currency, show that from April 30th to July 16th liabilities and assets increased from \$40,881,315 to \$41,525,659; individual deposits from \$20,567,123 to \$21,269,248; loans and discounts fell from \$22,741,695 to \$22,641,700. The number of banks increased from eighty-two to eighty-five.

Here is the verdict returned in a recent suit against a railroad in Pennsylvania: "If the train had been run as it should have been run; if the bell had been rung as it should have been rung; if the whistle had been blown as it should have been blown—both of which they did neither—the cow would not have been injured when she was killed."

PERSONAL.

—Miss Sarah Forman is visiting friends in the county.

—Mr. and Mrs. Wyatt Owens were in the city yesterday.

BARKLEY'S

Fine Rains Assure Good Crops

And a bountiful harvest provides full bins. Successful farming depends a great deal on substantial fences—and the weather. The greatest yields are produced on land that is made stock-proof. Prosperous farmers, being quick to recognize an article of real merit, are satisfied only with the best—

The American Woven Wire Field Fence.

As an all-purpose fence it has no equal in the world. Made of large, strong, high grade steel wires, heavily galvanized, it is practically everlasting, never goes wrong and will stand any strain that is likely to be put upon it. When marketing your grain, bring the wagon around and load up with the "American."

The Frank Owens Hardware Company.

Weather Prediction for Maysville and Vicinity—Local Rains Sunday Afternoon or Night.

Rev. L. C. Kelly of Georgetown has accepted a call to the pastorate of the Baptist Church at Flemingsburg.

In the line of diamonds, watches and fine sterling silver we are showing the handiwork line to be found in the city. Our prices are lower than goods of similar quality can be bought for anywhere. Have a look. MURPHY, the Jeweler.

Rev. J. D. Garrison, Brown County's Representative in the Ohio Legislature, and Miss Daisy Blair, of Georgetown, were married a few days ago at Cincinnati.

Mr. P. I. Disher of Tangletown has taken 500 pounds of fine honey this season, and his neighbor, Mr. Perry McDowell, has taken 1,000 pounds.

The Robertson County fair will be held at Mt. Olivet Sept. 25th, 26th and 27th.
